

# Wedding Day Guide to Family & Bridal Party Photos

This guide is designed to help you and your honey set your wedding day family portraits up for success!

Using the guide will help you compile names of the special people you wish to be a part of family pictures on your wedding day. Be sure to review your timeline with your photographer and share your family list with them.

Having your family list together before your wedding day can help your photographer tremendously!

This guide is a small excerpt of the detailed planning service my wedding clients receive.
